Carpet Cleaning Instructions

Pre-instruction cleaning-before we arrive:

1. Please clear all areas to be cleaned if not vacating.
2. Open access to the nearest bathroom for our Carpet Cleaning equipment.
3. To expedite the Carpet Cleaning process please pre-vacuum thoroughly.
4. Be sure to check with resident manager or security to notify them that you have a cleaner coming and reserve service vehicle parking if available.
5. If you are moving out, please do not disconnect the electricity or shut off the water heaters.

Post instruction cleaning-after we leave:

1. For Carpet Cleaning it is essential to allow good air circulation movement throughout carpet area for 4-6 hours, depending on weather conditions it may take up to 24 hours for carpet to be completely dry.
2. Highly recommended to turn on fans and air conditioners to expedite drying process.
3. Do not place furniture with wood or metal legs back on carpet until carpet is completely dry.
4. We also recommend using sliders under furniture legs to prevent carpet staining.
5. Minimize foot traffic to prevent re-soiling.
